QUARTERLY REPORT FOR THE FIRST & SECOND QUARTERS OF FISCAL YEAR 2009**

HOW QUARTERLY REPORT DATA ARE DERIVED

Quarterly reports are year-to-date comparisons. For example, the first quarter report is comprised of data for the first three months of each fiscal year presented while the second quarter report contains data for the first six months of each fiscal year, and so forth.

Data depicting colleges and major research centers are presented to show trends within each unit.

Proposal and award data are recorded in Coeus by the Office of Research.

Expenditure, F&A, University support, and faculty count data are taken from IRIS.
