Instructions for Schedule of Final Charges Form

The Schedule of Final Charges form is used to assist in the closing of expired sponsored awards. As stated per The University of Tennessee's fiscal policy, all final expenditures are to be posted to the ledgers within 60 days after the award period has expired. Due to the time constraints of required reporting deadlines as stated per the award, Sponsored Projects Accounting (SPA) must receive this completed form by the stated deadline. This will allow time to review expenditure activity for accuracy before the required reporting to the agency.

**NOTE: If this award is not ending, please inform SPA accountant of extension by sponsor.**

Please complete the Schedule of Final Charges form and return to the following campus mail address:

Sponsored Projects Accounting, Blount Hall, Suite 403
